

Best Practices for Non-Web-Based Communications Working Group

Chris Lyal

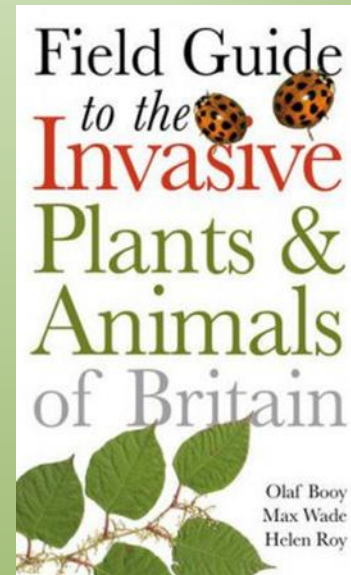

Natural History Museum, UK

Function of the WG

- Many IAS activities undertaken by people:
 - With no access to the internet
 - In places where it is difficult to access internet resources
 - With resources that are not on the internet

- Tools are required
- First steps
 - discover what is out there
 - Discover what is needed
- Second step
 - Develop more products, drawing on other outputs of the Partnership
