Next steps for GIASIP

Donald Hobern
GBIF Director
Global Biodiversity Information Facility (GBIF)

SBSTTA-17, Montréal, 14 October 2013

Operational structure

Coordination

- Outsourced to GBIF by the CBD Secretariat (10/2013 – 04-2014)

- Responsibilities
  - Serve as GIASIP focal point
  - Coordinate GIASIP with guidance from SC
  - Develop work plan with WG Chairs
  - Assist in developing 2014-20 Business Plan
  - Report against Operational Plan

Next steps 2013-2014

- Steering Committee
  - To be established during SBSTTA 17
  - Review and refine work plan
  - Establish priority deliverables
- Technical meeting for WG chairs
  - Plan population of gateway
  - Plan implementation
- Business Plan
  - Fundable model for GIASIP to 2020

GBIF

Relevance of GIASIP

- Tool for Target 9
  - Organise key data sets
  - Framework for information exchange
- GIASIP as a prototype for Target 19
  - Partnership for sharing information
  - Address Aichi Targets
  - Framework for engaging all stakeholders
  - Combined scientific and governmental oversight
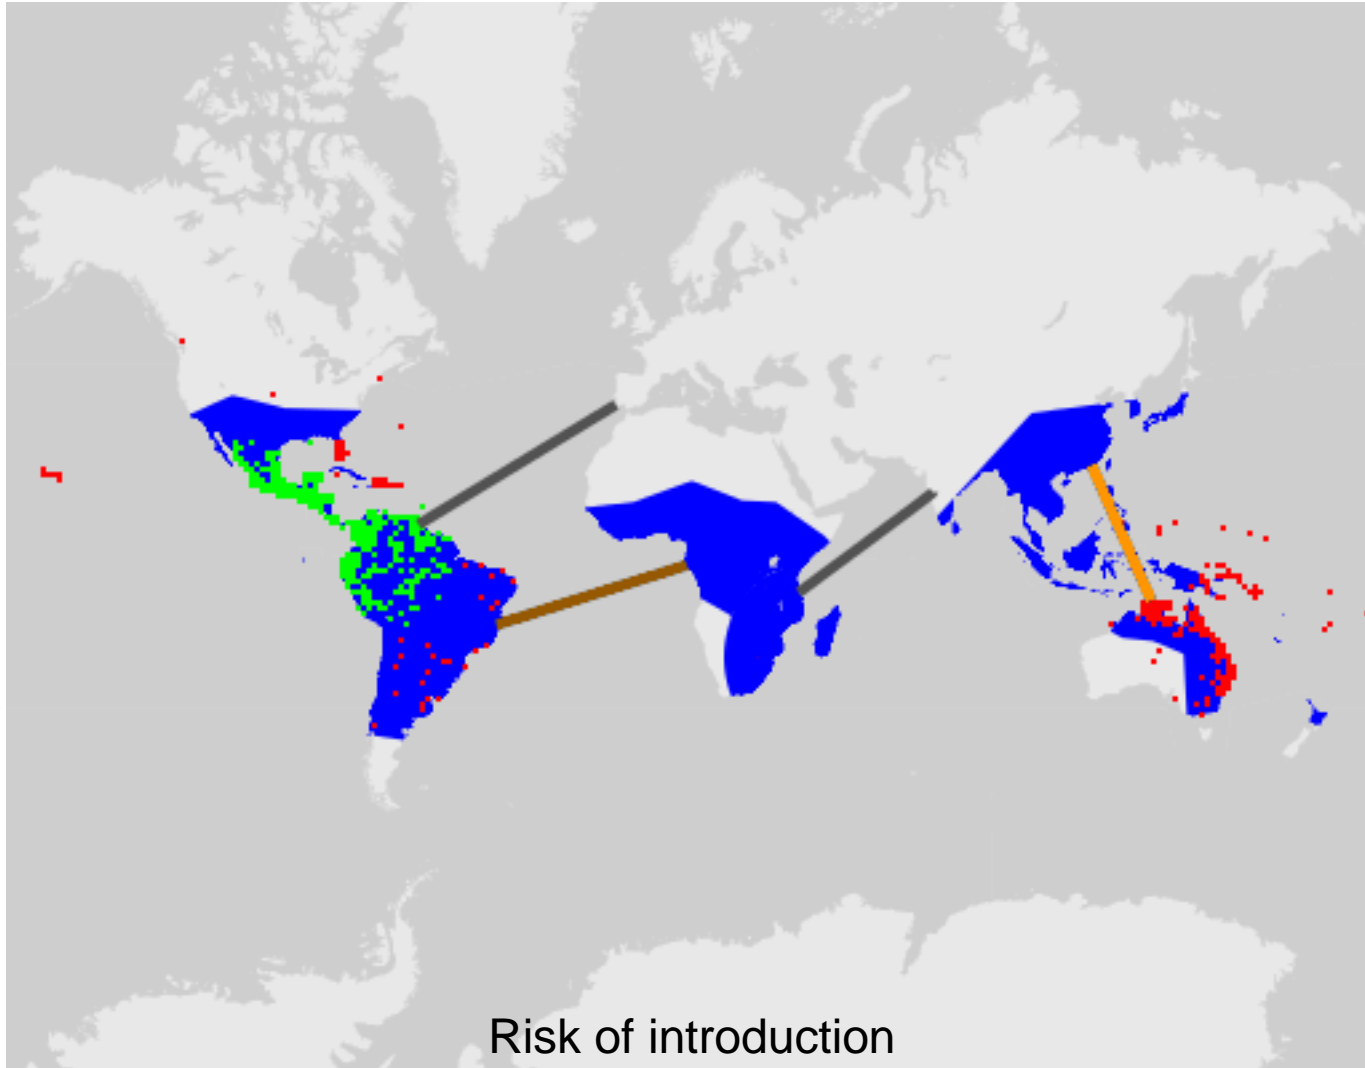

GBIF
www.gbif.org

Broader engagement

- We seek for more Parties to join GIASIP
    - Contribute to priorities through SC
    - Participate in Working Groups
    - Mobilise IAS information
        - Species lists, profiles
        - Fact sheets
        - Evidences (location, time etc.)
        - Pathways, measures etc.
    - Share capacity and expertise
    - Benefit from shared knowledge of IAS
